Integrated Residential Nursing Framework Ranking

Date 29/05/2025

Integrated Residential Nursing Framework Ranking

From 01 June 2025, Essex County Council will introduce a new ranking score system for providers on the Older People Integrated Residential and Nursing (IRN) Framework.

In conjunction with this, we have added a section called “Integrated Residential Nursing Framework Ranking” under the Manage Providers area in Essex Care Search to record a providers IRN Residential and/or IRN Nursing ranking score.

The ranking score fields can only be viewed by provider users with an Essex Care Search Administrator login and cannot be edited by the provider. They are shown for the providers information only.

The ranking scores can only be viewed by Essex County Council users and selected partner users, for example, the NHS, and are not visible to the public.

The following page shows how IRN Framework providers can view their Integrated Residential Nursing Framework Ranking scores in Essex Care Search.

If you have any questions regarding your care home’s ranking score, please contact the person within your organisation responsible for managing your IRN Framework contract with Essex County Council.
