

Construction Team Volunteer Day – Hadleigh Park

On Thursday 17 October 2024, 19 members of the construction team undertook a day of volunteer work at Hadleigh Park. The day involved clearing an enclosed footpath that had become very overgrown. Having the path clear will improve people’s enjoyment of the park and entice them to use this section of the park that may have previously been avoided.

The ranger was really pleased with what was achieved in the day and said *“It was great to have you all turn up and get stuck into the job. It was a job that we have needed to do for a year or two but did not have staff numbers to undertake. So, your team made it possible to do tasks that otherwise would not have been done.”*

Those that took part stated how much they enjoyed the day and would be happy to return in the future to provide further help. Ringway Jacobs enables every employee to use up to two days paid time a year to work with any good cause that

meets certain criteria. ECC runs an equivalent scheme too. Contact your line manager in the first instance if you’d like to take part in volunteering.
