Gain valuable knowledge on:

- Why oral care is important
- Updates on CQC requirements & guidelines
- How to carry out assisted brushing
- Information about different oral health products and aids
- Accessing a dentist and much more!

No pre-registration is required, just click on your preferred time above to join the training on the day. Both webinars will be identical, so professionals only need attend one.

We would highly recommend testing the link before the training, and using a laptop, PC or iPad to join the session. Avoid using a phone, as previously there have been issues with viewing and hearing the presentation and videos.

Attendees will receive an oral health certificate including CPD hours on completion.
