Our aim

Our aim is to be your 'one stop shop' for training and education for care homes across mid and south Essex. We deliver a tailored and innovative evidence-based clinical training and education to care homes, to enable teams to deliver high-quality, holistic, person-centred and clinically-effective care for patients and residents.

Training offered:

- Palliative care, end of life and advance care planning
- Sepsis
- Whzan/recognising deterioration
- PPE infection control
- Tissue viability and pressure care
- Basic dysphagia
- Oral care
- MUST
- GULP hydration/UTI
- Catheter care and constipation
- Diabetes awareness and blood sugar monitoring training, including competencies
- Stoma care
- Personal care
- Dementia
- Skin tear

We are constantly reviewing our training portfolio and will add other courses in the near future. Please look out for updates. If you identify any unmet training needs which we do not currently cover, please let us know.

What we do

We deliver evidence based training and education within the care home setting to staff and support with training needs.

We are a team of qualified nurses and associate practitioners with extensive experience in the delivery of holistic, person-centred care. We also support the homes with all clinical need and can refer them on to the MDT where we are unable to support.

Should a resident require additional care that is not covered by our team, we can refer into wider multidisciplinary teams.

- District nurses
- Continence team
- Respiratory team
- Dementia services
- Palliative care
- Tissue viability

Our team

The team is made up of qualified nurses, associate practitioners and an admin.

Our team is based in Unit 8, The Forum Coopers Way, Temple Farm Industrial Estate, Southend-On-Sea, SS2 5TE
