

Provider Forum Feedback

How does the local forum support you in your day-to-day work?	
Information and suggestions taken back into day-to-day work and changing practices	
Taking time away from work allows for reflective opportunity	
Sharing good news stories uplifting	
Able to understand different perspectives	
Gives confidence there is support through the forum and impact on day-to-day work	
Confidence knowing we are heard	
Feedback we give is being listened to provides moral and energy being uplifted and gets trickled down into team	
Supports creating new relationships and connection in and outside of the forum	
Breaks down barriers	
Being able to take back information and ideas to the team	
Stalls support more information sharing to take away from forum	
Always walk away learning with something new from every forum	

Provider Forum Feedback

Communication	Collaboration	Forum Topics	Partner Engagement	Venues
Ensuring new providers are aware of forums	More opportunities re contractual tenders	More focus across Care Types	More provider representation, including Health	Larger room space where possible
Increase promotion of Provider Hub	Sharing challenges and how providers can help	Capture the experience of adults receiving services	Workshops from Provider stall holders	More speakers
Slide deck shared after meetings	Having an opportunity to have focussed questions sent in before the event – Q&As	More workforce success stories	Time for introductions from stallholders	Parking can be an issue
QR codes good to use		More information on PAMMs, Safeguarding, Social Care processes	More profiling of key people – role sharing and contacts	Support to hear – microphones
		Procurement and Commissioning to share future vision and services they want to meet this	To create and share a local forum directory to be able to contact people outside forums	Name tag stickers
		Information from ECC Provider Quality Innovation teams and project resources available		
		Having clear focus and intention for the forum
