

Feedback from previous forum:

Venue – car park, space, monitoring settings

“Unsafe discharges”

Support for services: access to face-to-face visit, information, equipment *“GP's and their role in supporting the service”*

“Guidance – flow chart – information for all providers who to contact and what procedures needs to be followed”

More time for discussions: opportunities to talk with other providers in similar settings.

Feedback – opportunities to feedback on experience working with local authority and health.
