Local Government Reorganisation

Simon Griffiths, Director ASC, Basildon and Brentwood.

Government update on Local Government Reorganisation (LGR)

- The Government has **withdrawn the March decision to progress LGR in Essex**
- Decision follows a **wider review of the national LGR programme**
- **Several other counties** have also had previous decisions withdrawn following updated legal advice
- **Further information is being sought** from the Ministry of Housing, Communities and Local Government (MHCLG)

What we know so far…

- MHCLG remains committed to the principle that unitary councils provide the best foundation for mayors and strategic authorities
- A review led by Minister Jim McMahon will examine all LGR decisions announced in March and July
- The review will also consider West Sussex and Cambridgeshire & Peterborough
- Findings will be reported back to Parliament as soon as possible
- The Government has recognised the significant work and partnership collaboration undertaken across Essex

What happens next?

- The Government continues to prioritise devolution
- The timetable for Essex Mayoral elections in May 2028 remains unchanged
- MHCLG has confirmed that unitary local government is helpful but not essential for strategic authorities
- Further details on the review process and timescales are awaited
- Updates will continue to be shared as information becomes available
- Thank you for your ongoing support and engagement
